The water in and the land under the lake is and will be owned by the Declarants and subsequently the Association of all owners within this section, of which the Association will be a part ("the Association"). The Lake will be depicted on the subsequent recorded plats of the Subdivision

Section 2. Reservation of Easement in Developer and Homeowner's Association for Operation of Lake. Declarants reserve unto the Homeowner's Association, and its successor, assigns and licensees, an easement upon, across and through each of said lots in Section No. 1, Phase No. 1 above in connection with operating the Lake. Without limiting the generality of the immediately preceding sentence, it is declared that neither the Developer, the Homeowner's Association nor any successor or assign of the Declarants shall be liable for damages caused by ice, erosion, washing or other action of the water of for any damage caused through the exercise of said easement.

Section 3. Reservation of Right in Developer and Homeowner's Association to Change Water Elevation in Lake. Declarants reserve to themselves, the Homeowner's Association and its successors and assigns, the right to raise and lower the elevation of the Lake for maintenance purposes or flood prevention, but neither the Declarant nor any successor or assign of the Declarants shall have an easement to raise (by increasing the height of any dam or spillway, or otherwise) the high water elevation of said Lake to an elevation above that indicated on said Development plats.

Section 4. Boats. No boats will be allowed on the lake.

Section 5. There shall be no hunting or discharge of firearms allowed on the Lake and no person not a member of the Association shall be allowed to fish on the Lake except in the presence of an Association member. Section 7. The owners of lots in this section shall form a Homeowner's Association and elect its own officers. All of the rules of the Association generally shall apply to these owners but they may develop their own rules and regulations for maintenance of the Lake and dues for such maintenance in accordance with these regulations.

ARTICLE IV

SOUTHFIELD PLANTATION HOMEOWNER'S ASSOCIATION  
Purpose, Membership and Voting Rights

Section 1. Membership. Every owner of a lot in this section of Southfield Plantation shall be a member of the Association. Membership shall be appurtenant to and may not be separated from ownership of any lot which is subject to assessment.

Section 2. Voting Rights. The Association shall have two classes of voting membership:

Class A. Class A members shall be all owners with the exception of the Declarants and shall be entitled to one vote for each lot owned. When more than one person holds an interest in any lot, all such persons shall be members. The vote for such lot shall be prorated and exercised equally between owners unless they among themselves determine otherwise, but in no event shall more than one vote be cast with respect to any lot.

Class B. The Class B members shall be the Declarants and shall be entitled to three (3) votes for each lot owned. The Class B membership shall cease and be converted to Class A membership when the total votes outstanding in the Class A membership equals 70 percent (70%) of the total number of lots within all sections of the Subdivision of which the subject property is a part, when fully developed.

Section 3. Creation of the Lien and Personal Obligation of Assessments. The Declarants, for each lot owned within the Section, hereby covenants, and each owner of any lot by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association (1) annual assessments or charges, and (2) special assessments for capital improvements, such assessments to be established and collected as hereinafter provided.

The annual and special assessments, together with interest, costs and reasonable attorney's fees, shall be a charge on the property and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with interest, costs and reasonable attorney's fees, shall be also the personal obligation of the person who was the owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them; however, same shall continue to be a charge on the property.

Section 4. Purpose of Assessment. The assessments levied by the Association shall be used exclusively to promote the recreation, health, safety and welfare of the residents in the Subdivision and for the improvement and maintenance of the Common Area and amenities of the Section, and of the homes situated in the Section, and the obligation of the Association.

Section 5. After 70 percent (70%) of the lots are sold, the homeowners shall take over the Association and shall set the rules of the Association and the assessments that they deem necessary to carry out the purposes of these covenants.

Section 6. Notice and Quorum for any Action Authorizing Increase in Assessments. Written notice of any meeting called for the purpose of taking any action to authorize increase in assessments shall be sent to all members not less than thirty (30) days nor more than sixty (60) days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirements, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting. Only members of the Association sixty-one (61) days prior to any meeting called under the provisions of this paragraph are entitled to receive notice as herein provided.

Section 7. Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate for all lots. This does not include assessments the lakefront lot association may assess.

Section 8. Effect of Nonpayment of Assessments; Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of 10 percent (10%) per annum. The Association may bring an action at law against the owner personally obligated to pay the same, and/or foreclose the lien against the property.

No owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of his lot.

Section 9. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any lot shall not affect the assessment lien. However, the sale or transfer of any lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such lot from liability for any assessments thereafter becoming due or from the lien thereof.

All plans, drawings, etc. required to be submitted to said Architectural Control Committee shall be as the Architectural Control Committee may require. All such plot plans shall be prepared by either a registered land surveyor or engineer or architect. No grading of the lot shall be permitted without approval of the Architectural Control Committee.

(2) The design or color scheme of a proposed improvement is not in harmony with the general surroundings of said lot or with adjacent buildings or structures;

(3) The proposed improvement, or any part thereof, would in the opinion of the Architectural Control Committee be contrary to the interests, welfare or rights of all or any part of the owners of other lots in the Development.

C. Power to Grant Variances. The Architectural Control Committee may allow reasonable variances of adjustments of these Restrictions where literal application thereof would result in unnecessary hardship. Provided, however, that any such variance or adjustment is

BOOK 1292 PAGE 580  
granted in conformity with the general intent and purposes of these Restrictions; and, that the granting of a variance or adjustment will not be materially detrimental or injurious to other lots in the Development.

D. Power to Charge Fees. The Architectural Control Committee may, if it deems the same to be reasonably necessary for the accomplishment of its duties and responsibilities, assess a fee not to exceed \$35.00 for considering the application of any owner under this Section. However, when a determination has been made that a fee should be charged, it shall be uniformly charged to all applicants, and all funds collected shall be paid to the Association.

Section 3. Duties of Architectural Control Committee. The Architectural Control Committee shall approve or disapprove of proposed improvements within thirty (30) days after all required information shall have been submitted to it. One copy of submitted material shall be retained by the Architectural Control Committee for its permanent files. All notifications to applicants shall be in writing, and in the event that such notification is one of disapproval, it shall specify the reason or reasons for such refusal.

Section 4. Liability of Architectural Control Committee, etc. Neither the Architectural Control Committee nor any agent thereof, nor the Developer, nor the Association, shall be responsible for any defects in any way in any plans, specifications or other materials submitted to it, nor for any defects in any work done according thereto.

Section 5. Public Lighting. As a benefit to each of the owners of lots in said subdivision, public street lighting shall be furnished in said subdivision and the owner of each lot agrees to pay its proportionate share of said lighting to be reflected and charged to each lot owner's monthly electric bill with Flint Electric Membership Corporation, its successors or assigns. This agreement shall be a covenant running with the land and shall be binding on each lot owner in said subdivision.

Section 6. Duty of Inspection. To the extent that inspection of improvements constructed is not provided for by appropriate governmental agencies, it shall be the duty of the Architectural Control Committee to inspect work being performed with its permission to assure compliance with these Restrictions and applicable regulations.

Therefore, if any of the Restrictions shall be held to be invalid or to be unenforceable, or to lack the quality of running with the land, that holding shall be without effect.
